Less Work—Better Results

The first matter of importance when spraying is to secure clean fruit and healthy trees; the next thing is to have expended the least possible amount of time and money.

Bean Magic Spray Pumps

are peculiarly adapted to do these things. They are entirely different from other pumps in almost every respect, but particularly because they

Save One-third The Labor

In the Spring rests the secret. What's the use in working so hard when the same results can be accomplished with a third less labor? Save time and effort by dividing the work, doing half at each stroke of the handle instead of doing all at one stroke, and meanwhile be working against only one-half the pressure indicated on the gauge. Magic pumps are built in two sizes and have non-clogging ball valves. It is worth your while to see one in operation.

We have samples of these pumps in stock and will be pleased to show them to you.

\$27,000,000

27 millions of insurance written in 8 and a third months. This is the record of the Great Western Life Insurance Company of Kansas City, Mo. Their policies are all up-to-date and written to suit the times. Their Twenty Payment, Ordinary Life and Endowment policies are issued on the guaranteed annual dividend plan, with coupons attached reducing the premium beginning with the second year from 15 to 25 per cent the 20th year. If you leave the coupons attached and pay the full premium each year, the Company guarantees the policy to be fully paid up and matured in fifteen years, and you receive a twenty-year settlement, the same as though you had paid the premiums for twenty years.

They issue the same policies with accident and sick benefits. If death is caused by accident, they pay double the face of the policy; by total disability, one-half the face of the policy; Death from any cause the face of the policy. For accident or sickness, five dollars per week on each thousand of insurance for a period of 26 weeks. This Company is operating under the compulsory reserve laws of the State of Missouri, which state has the most stringent insurance laws of

any state in the Union. Before you make application for insurance, see our modern policies which have caused so great a value of business to be written in so short a time. Mr. T. Whitaker, a special agent of the home office of this company is in Roswell and will take pleasure in meeting you and giving you information in regard to our policies.

Put Your Money Into Roswell Property and Chaves County Farming and Fruit Lands

The next few years will undoubtedly see the greatest advance in the values of Roswell Property, and in farming and fruit lands in Chaves County. This is not a mere assertion but it is backed by the facts. Roswell is growing rapidly, and will continue to grow more rapidly during the next few years. Thousands of acres of fertile land in this county, a great deal of it closely adjoining Roswell, is being put into cultivation, alfalfa and apples principally, and this with the growth of Roswell, naturally has a tendency to raise the price of land and city property.

The orchards of this county are exceptionally good investments. It is no uncommon thing for them to pay from \$250 to \$350 an acre per year, and then the naturally rapid increase in value each year must be considered.

Next week the people of Roswell will vote a bond issue of \$120,000 for water works and this will also add greatly to the value of city property. A great deal of very desirable residence property, now without proper water facilities, will be supplied by the new water works, and connected up with the city sewerage system. This property is certain to increase in value.
